

At Chastain Horse Park

**Serving
wounded service personnel and veterans**

Chastain Horse Park, a premier NARHA accredited center located in the heart of Atlanta, is proud to be a part of the Horses for Heroes Program. Chastain offers both mounted and non-mounted therapeutic lessons to help strengthen both the mind and body. Our brave service personnel have been fighting to preserve our freedom and the Horses for Heroes Program would like to give back by offering the amazing healing power a horse can provide.
